PINE LAKE ELECTORS SELECT CANDIDATES

J. F. Day and Tom Hives Chosen By Divisions 3 and 4.

A fairly representative gathering of the taxpayers of Divisions 3 and 4 of the Municipal District of Pine Lake, No. 395, was held in the city hall, Red Deer, on Saturday afternoon, January 21st.

The meeting had been called primarily with a view to selecting candidates to fill the vacancies for the next year on the Council of the District. It was hoped that in this way satisfactory Commissioners might be found without the expense of an election.

The meeting resolved into separate sections for the selection of candidates.

DIVISION IV. Gen. Lobb acted as chairman and C. A. Julian-Sharman as secretary.

On a straw ballot being taken, the following names were put in nomination: J. F. Day, W. E. Byers, C. A. Julian-Sharman and C. J. Strachan. All the names received the exception of J. F. Day and W. E. Byers.

Mr. Day spoke briefly, emphasizing the need of a candidate in management. He favored the election of the Reeve by a vote of the electors of the whole district.

Mr. Ellenwood agreed with Mr. Day that economy was needed. He was asked to contest the election, but would be guided by the electors of the Division.

On the vote being taken, the election fell on J. F. Day, the vote being fairly close. A motion to make the nomination unanimous was opposed by the whole meeting.

DIVISION III. W. B. Goodacre acted as chairman of the Division III meeting.

On the straw ballot, the following were put in nomination: Tom Hives, W. B. Goodacre, J. H. Comfort and W. Evans.

Mr. Comfort withdrew from the contest. Mr. Hives was declared elected as candidate on the final ballot.

GENERAL DISCUSSION. W. B. Trueman, Secretary of the Municipal District, opened the discussion in regard to the business of the Divisions and the District in general, which showed that the cost of administration for the year had been remarkably low. Complete figures will be given to the annual meeting on February 20th.

Mr. Day referred to the fact that 100 schools are reported to be in operation on account of finances being low. He opposed the proposal of a province-wide school system.

Mr. Goodacre stated that the taxpayers of Balmoral had been paying for their school for years, and did not look for a general financing plan that would deprive them of the advantage they now held over other school districts.

Mr. Ellenwood stated that people of Westwood wanted to continue to control their own schools.

There was some discussion on the collection of Hospital assessments. The Secretary explained in connection with the closing out of the year under the School and Other Properties Act, that the preliminary order setting the time when taxes would have to be paid had been received. The coming year would likely see the matter cleared up.

Mr. Comfort stated that the division of the municipality into road beds with a supervisor for each, cutting good roads that had been made by this method on their own road.

There was a feeling that the assessment for Pine Lake was too high as compared with other districts, and a resolution was passed that the Minister of Municipalities to have the question referred by the Board and a new valuation made.

RED DEER SCHOOL DISTRICT. A misunderstanding of the proposal in connection with the collection of taxes for the Red Deer School District seemed to have been gathered from recent press reports.

It was explained, however, that the Red Deer School District comprises all or part of four municipalities, viz.: the City of Red Deer, the Village of North Red Deer, part of the M.D. of Pine Lake, part of the M.D. of Westwood.

At present the City of Red Deer is the taxing authority for all of the School District, and that the City of Red Deer is the taxing authority for all of the School District, and that the City of Red Deer is the taxing authority for all of the School District.

At the meeting of the School Board, the Chairman and the Secretary.

DISTRICT COURT

District Court Sittings were held yesterday, Judge Mahaffy presiding. There were only three cases on the docket, and the sittings only occupied a couple of hours.

Babson Brothers vs. Robinson. The case was struck off the list as the parties failed to appear.

Oxford Man'g. Co. vs. N. O. Short. This case was set down for hearing about the middle of February. Payne & Graham for plaintiffs; Russell & McCreary for defendants.

Daw & Pamelly vs. J. R. Golden. Claim for \$75 for work and professional services, which the defendant disputed. Judgment was given for the plaintiffs with costs. Russell & McCreary for the plaintiffs; Payne & Graham for the defendant.

ASSESSMENT REVISED AND CONFIRMED

The Galbraith Appeal is Dismissed, and Reductions Amounting to About \$18,000 Are Allowed by the Court of Revision.

After holding three sessions, agreement was reached on the Court of Revision, the City Council at 11:40 Thursday night, passed the final motion confirming the 1922 assessment.

Revisions were held Wednesday afternoon and evening when evidence was taken in regard to the various appeals. The decisions were made on Thursday.

An idea of the public interest in assessment matters this year, may be gathered from the fact that there was an attendance of fully 100 people on the Wednesday afternoon sitting of the Court of Revision. Greenfield's record attendance on an occasion of this kind in Red Deer.

The result of the sitting of the Court was a reduction of about \$18,000 in the total assessment.

RESOLUTION OF SYMPATHY. As soon as the Court was called to order by Mayor Collison, the following resolution was passed on motion of Ald. Broughton:

"That the Council of the City of Red Deer, representing the citizens of Red Deer, hereby expresses its sincere sympathy with the people of Greenfield in the untimely death of its wife."

MR. GALBRAITH APPEAL. The appeal of F. W. Galbraith against the whole land assessment of the city of Red Deer and the Red Deer School District, was heard by the Court of Revision on Thursday.

Mr. Galbraith first of all withdrew his appeal, but then he changed his mind and the case was heard.

Mr. Galbraith stated that he was based more or less on a matter of principle and as a protest against the assessment of the city of Red Deer.

Mr. Galbraith proceeded to make some charges against the city of Red Deer, but they were not heard.

Mr. Galbraith then entered into a discussion of rental values recognized by the city in making business assessments.

Mr. Galbraith stated that he wanted to know what the rental values on buildings and land were, and that he wanted to know what the rental values on buildings and land were.

Mr. Galbraith stated that he wanted to know what the rental values on buildings and land were, and that he wanted to know what the rental values on buildings and land were.

A WORD TO THE KNOCKER

Are you one of those persons who are always passing judgment on those around you? You do not let it be mental judgment, either; you express in no uncertain terms just what you think.

Of course, after you have been heard in a matter and your opinion proves to be of no value, you can not get to cover gracefully, you have to stand a lot of odium.

But why so positive for or against a certain thing before you have all the facts?

It is so much easier to suspend judgment and line up in the right

way in matters concerning the public good rather than to fly off on a tangent and have to be put in your place rather hard by those who really have the facts and can down your efforts.

Don't be a pest about it unless you are sure of your ground.

In any case, it does not pay to be a pest.

Work in a more judicial, thinking way if you want to have and keep the respect of thinking men and women.

It is somewhat easier to cultivate the debating spirit rather than to get down to work and attend to your own business, but if you are not careful to be right in your attitudes you injure yourself.

THIRTEEN MISTAKES OF LIFE

To attempt to set up your own standard by right and wrong.

To try to measure the enjoyment of others by your own.

To expect uniformity of opinions in this world.

To fail to make allowance for inexperience.

To endeavor to mold all dispositions alike.

To look for perfection in our own actions.

To worry ourselves and others about what cannot be remedied.

Not to help everybody whenever, however, and wherever we can.

To consider everything impossible that we cannot ourselves perform.

To believe only what our flatterers can grasp.

Not to make allowance for the weaknesses of others.

To estimate by some outside quality when it is that within which makes the man.

"How old are you now?"

"Forty."

"Do you drink, gamble, smoke, or have you any vices of any kind?"

"No. I don't drink, I never gamble, I loathe smoking; in fact, I haven't any vices."

"Well, what do you want to live another fifty years for?"

The Toronto Globe says that the situation regarding the resolutions of the Canadian Council of Agriculture, is a difficult one, no matter what policy is adopted.

CHEER UP.

It is so easy to become cynical, suspicious, envious and disagreeable.

And why? The span of life is short. So short we can not, should not, waste any of it.

The cynic fails to get the joy he should possess, because he is suspicious.

Suspicion carries with it cold gloominess, and that does not make friends.

Envy and disagreeable thoughts take the biggest toll from the person so afflicted.

The disagreeable, dissatisfied person makes others unhappy, but hurts himself the most because there can be no sunshine under a cloud of morbid thoughts.

Of course, everyone has trials and some heartaches, but there is no use in trying to prolong the stay—no use in making an effort to retain them.

While we are making this earthly trip, let us be good sports.

Let us seek to make our fellow-companions on life's voyage happier because we are going along, travelling the road together.

The things which bring happiness spring from the heart, and happiness makes us stronger, better, more human and rational.

And if we have joy, we scatter it.

MILLIONS OF ORANGES FROZEN ON TREES IN LOS ANGELES DISTRICT.

Los Angeles, January 21.—Millions of oranges were frozen on the trees in the citrus district surrounding Los Angeles last night. The extent of the damage cannot be estimated, being in a large measure dependent upon weather conditions of the next few days. Temperatures ranging from 9 to 38 degrees were registered through the lowland citrus belt.

It is the most severe freeze in southern California in nine years. To-day conditions cool and the government weather forecaster said that the situation would be about the same tonight as last night.

There will be a shortage of lemons next summer owing to the damage to young fruit.

Constable James Smith, A.P.P., and Mrs. Smith, called on Red Deer friends on January 11 on their way to spend part of their honeymoon at Alhambra. They were married in Calgary.

Constable Smith was at one time on the Red Deer city force. He is now stationed at the far-away police post of Fort Vermilion, and Fort Smith, within the Arctic circle, is in his jurisdiction.

Mrs. Smith will go up in the spring. She was formerly Miss Isabel Thackeray, and taught school at Alhambra.

COMPENSATION ACT
EXTENDED TO TAKE
IN FARMERS

Provincial Government Considering
Advisability of Including Sickness;
Benefits of Extension of the Act

Edmonton, January 16.—Members of the provincial government are considering the advisability of extending the medical services under the Workmen's Compensation act of this province to include sickness, and following this, of extending the act also to include farm labor. This was indicated by a remark passed by Hon. R. G. Reid, minister of health, during the hearing of the delegation from the Rural Municipalities association, last week, when he said that the necessity for a health tax from non-taxpayers for hospital services might be partly overcome by the inclusion of farm laborers in the Compensation act, and the extension of the act to cover medical service for sickness.

Such an extension of the act, it was made, would eliminate the expense of the private contracting work done by doctors for big corporations, for the reason that workmen now paying for services of the compensation board's physicians during sickness. The advantage of such a step is that it would bring farm laborers into the act, and would be entitled to the same benefits as the urban workers. It would provide for this class of people with medical services during sickness and would eliminate to a great extent the necessity of levying a health tax on farmers in the province, which the municipalities delegation asked for.

No definite decision has been made in the matter, but the members of the government are giving it serious consideration.

IMPROVING THE GRADE
OF WESTERN WOOL

(Experimental Farms Note)

The wool from the farms of Western Canada grades disappointingly poor as compared with that from the Eastern provinces. This is due, not to any inferiority inherent in the climate, but to the faulty way in which the wool is handled. The grade of Western wool could easily be greatly improved if intelligent attention is given to removing the causes of its defects.

The two defects that are chiefly responsible for lowering the quality of wool are in the handling of the wool. The wool is often "burry and seedy" and "dark." "Burry and seedy" wool includes more impurities than burr and seed, and vegetable impurity will throw wool into that grade and chaff is perhaps the most common of these. Twenty per cent. of the domestic wool of Manitoba and Saskatchewan handled by the wool growers co-operative organization in 1920 was reduced over four cents a pound by going into this classification instead of the higher quality wool otherwise have put it. "Burry and seedy" wool can be almost entirely eliminated by the following precautions:

1. Never allow sheep to have access to the stacks.
2. If racks are used for feeding, they should either have straight sides, or if the sides slope, the upper part should be light, so that the feed does not fall on the sheep's necks.
3. Care should be taken not to throw feed or bedding over sheep's backs.
4. If sheep are fed on the ground, they should be barred from the feeding place while feed is being spread.
5. Rams with dense tight fleeces should be used to breed sheep with fleeces that will shed chaff as much as possible.
6. If neck and shoulders are chaffy and remainder clean, the chaffy part of a fleece should be separated from the clean part in rolling and packing for shipment.

"Dark" wool has a much more serious fault than merely a bad color. The wools that go in this class are not only dark but weak. Wools of all grades are divided into three general classes, "bright," "semi-bright," and "dark." About twenty per cent. of western domestic wool goes into the "dark" class. This is the hardest wool of all to sell, because this darkness is due to bad conditions which affect the color of the sheep while the wool is growing. "Dark" wool has weak spots in it for bad cases may all be weak. It breaks when being washed and produces inferior cloth.

"Dark" or weak stapled wool may be prevented in the following ways:
1. Provide sufficient and suitable feed all the year around so as to keep sheep in healthy condition. If straw is the only roughage available in winter a light grain ration should be fed.
2. In breeding, select rams with dense, compact fleeces of fine quality and free from dark fibres.

W. LESLIEVILLE

January 16, 1922.

The Leslieville Community Hall Association met in the Community hall last Friday evening and elected the following gentlemen to act as an Executive committee during the current year: Chairman—Dr. C. Thompson; Secretary—Mr. S. Taylor; also Messrs. Geo. Cunningham, James Card, St. McGill, H. Bennett, R. Hanks, P. McGill, Entertainment Committee—Messrs. R. Hanks, P. McGill, C. Cunningham.

Last Thursday was one of the finest January days ever seen in this part of Alberta. There was but very little snow on the ground, the air was calm and still, the sunshine equalled that of many a June day. The children had exerted themselves at all in the outdoors sweat profusely. Friday's gale drove great crowds of enthusiastic skaters these nights.

The "hew" to and from the school are proving quite a convenience to the village children these days.

The smooth ice on the Lobstick draws great crowds of enthusiastic skaters these nights.

CONTAINS NO ALUM

CORRESPONDENCE

To the Editor of The News.

Dear Sir,
Please may I ask my prohibition friends if "so great an authority as the late Sir Wm. Dawson" has declared that the wine that Jesus made was not wine at all, but something sweet and harmless, would it not be just as reasonable to claim that the wine that Jesus passed to His disciples contained the same harmless drink. If our Saviour would not make alcoholic wine, would He give such wine to His disciples. Why are the ministers administering alcoholic wine to their followers? Why were they so careful when writing the prohibitory act to reserve unto themselves the right to have in their possession and to administer intoxicating liquor? Why is it that when a man secures a license of wine it is called a "license" and when a minister gets a bottle of the same it is called "for sacramental purposes."

I have talked with some ministers on this subject, and they have told me that they were sorry that provision was in the act, that they did not think it necessary to use alcoholic wine for sacramental purposes, but have never known that a delegation of ministers waited on the government and asked that that privilege be taken away from them. They have asked for many amendments and alterations in the act; but they have not asked for the repeal of the act, or a tightening up on the doctors and druggists' act, but never a word about themselves. Why is it so? Why cannot ministers trust other professional men as well as themselves.

Is it better to have a minister in Alberta than to have a doctor? Is it any drier than under interprovincial trade in liquor? What is the interest in the act, Alberta has always been noted for its beautiful sunshine. "Sunny Alberta" would kill, and the people would become known for its moonshine. The first moonshine (quintessential whiskey) would kill, and the people would become known for its moonshine. The first moonshine (quintessential whiskey) would kill, and the people would become known for its moonshine.

Now in regard to history, to which my attention has been called: The history I know about history is this, that the church, when functioning as a spiritual home for the mortals who believe in the divinity of Christ and His power to save, is a splendid institution, but every time it has undertaken to govern the state, it has been a miserable failure, and preachers are the poorest statesmen in the world.

AMOS WILTON.

CONDOR U.F.A.

January 9, 1922.

The first meeting for this year of the Condor Local U.F.A. was held in the Condor hall on January 9, 1922, being convened to order by the President at 8 p.m., with twenty-five present. The minutes of the annual meeting were read and approved by the members. A. L. Macdonald and R. H. Blair that we have over the letter about the Midway at Red Deer as not holding any interest for us. Carried.

Our delegate, Mr. Patterson, said he would, if possible, see Mr. Brownlee at the convention. Mr. D. W. Blair, convener of the Entertainment committee, announced that there would be a dance in the General Freight Agent, C.P.R. Hall, Calgary, asking that the conductor on this line be allowed to sign shipping bills to Kootenai at present, which entails a great deal of delay. Carried.

The leading platform here was discussed for some time. Moved by A. L. Macdonald and N. Macdonald that the Secretary write the C.P.R. the leading platform and hog chit. Carried.

Mr. Patterson told us that he would pay two-thirds of the approximate value of cattle and hog shipped to Central Alberta Live Stock Shipping Association.

Moved by A. L. Macdonald and N. Macdonald that the Secretary find out when the Railway Commission visit Calgary. Carried.

Mr. Hattie kindly promised to collect data re the amount of freight coming and going at Condor.

A tie-up shed at Condor was suggested by Mr. Hattie. Several offers of help came in. The President appointed A. L. Macdonald, Scott Hattie and R. H. Blair as a committee to look after the erection of the shed. Moved by J. O. Shaw and N. Macdonald that all offers of help be accepted. Carried.

Moved by D. W. Blair and Mrs. N. Eastman that we get two dozen cups. Carried.

Moved by N. Eastman and D. Blair that we adjourn until Monday, January 23, at 8 p.m. Carried.

N. EASTMAN,
Secretary-Treasurer.

PENHOLD NOTES

The school board met for the first time on Friday evening, and appointed A. W. Walker secretary pro tem. Mr. Walker has been secretary for a number of years but press of business has made him retire.

Mrs. E. Field, who is staying with her father, Mr. McDorman, for the winter, is suffering from a nervous breakdown. Mrs. Van Wart is in attendance on her and reports her somewhat better.

Byron Henderson, son of W. J. Henderson, has a severe attack of jaundice.

Miss Hives left on Tuesday to keep house for her sister, Mrs. Osmond, of Innisfail, for a week or two.

The Maple Leaf Club meets to-night for a literary night.

Mr. McGillivray is confined to his bed.

The Women's Institute put on another whist drive last Friday night, owing to the weather, about a dozen fifteen were present. Miss Opal Parsons and Mr. L. McDougall carried off the wins. The next drive is on Friday, January 27th.

The Women's Institute will meet at the home of Mrs. N. Stewart on Thursday, when the W.I. Act will be discussed.

Mrs. N. Stewart spent Monday in Innisfail, in order to be present at the wedding of Mayor P. M. Oldham.

Tenders are called for the lumber in the Anglican Church tie shed, which was blown down by the wind and now lies in the churchyard. Tenders to be in by Feb. 1st. Address A. Wood, Penhold.

Mr. Martin being sick, there was no school on Monday and Tuesday.

The annual meeting of St. George's Anglican Church was held on Wednesday last. J. E. Hives was again chosen as minister's warden and A. Wood as people's warden. The vestrymen are J. Halse, T. Hives, G. Halse, A. W. Walker, A. Weaver, N. Stewart and J. Reeves.

On Friday, Feb. 10th, a concert, box and play will be given in the Memorial Hall, under the auspices of the Base Ball Boys.

On Friday, Feb. 17th, a concert and play will be given in the Memorial Hall, under the auspices of the Base Ball Boys.

Owing to the stormy night upon which the last whist drive fell, one is arranged for next Friday night, Jan. 27th. As this promises to be the last one of the season, it is hoped that the 40 tables will be filled. There will be four prizes given, a freeze-out to follow the drive. Refreshments and dancing as usual. Admission, same popular price of 50c.

Friday, Feb. 24th, is the date set for the "Old Timers' Reunion," and the place Penhold's Memorial Hall.

The Base Orchestra has been secured for the dance in connection with the concert and box social to be held in the Memorial Hall on Friday, Feb. 10th.

MUSICAL CLUB CONCERT

An intensely interesting programme, featuring dances of different countries, will be presented by the Musical Club on Friday evening, the 27th inst., at 8.30 p.m. sharp, as follows:

RED DEER CITY HOCKEY LEAGUE
The High School and Bankers meet tonight in the local hockey league for the last time, unless the schedule is extended. The play will start as close on 7.30 as possible. The attendance at these games has been enough to discourage the boys, but they have played every game up to date, and a lightning finish is promised.

PUBLIC SCHOOL/HOCKEY
The Red Deer Public School lost by 5-1 in their game with Innisfail on Saturday afternoon last. The following represented Red Deer: Goal, Sherill Welliver; defence, D. Gaetz and N. Botterill; centre, M. Wilson; right, D. Collier; left, Oscar Ausmanlund. Subs, S. Hephworth and Geo. Cox.

78th BATTERY C.F.A. N. P. ACTIVE MILITIA
Orders by Major R. C. Lister, M. M., commanding 78th Battery, C.F.A. Week ending January 25th, 1922.
Para.
16. Orderly, Sergt. Lewis, E.
Next for duty, Sergt. Patterson, C.
17. Drills—Drills will be on Monday and Wednesday evenings each week until Annual Inspection, February 22nd, 1922.
Gunnery—Standing gun drill, 8.15 p.m. to 9.00 p.m.; section gun drill, 9 p.m. to 9.45 p.m. Laying, fuse-setting.
Signallers—Group training; semaphore practice.
18. Course of Instruction, Royal School of Artillery, Winnipeg—N.C.O.'s wishing to take the course which commences end of February, must hand in their names at once in order that their names may be submitted for approval to Headquarters.
R. C. LISTER, Major.

78th BATTERY C.F.A.
The drill hall is now a scene of great activity on drill night. The "Gunners" are in training for the visit of the Inspector-General, on the occasion of the annual inspection, and are rapidly assimilating the technicality of their duties.
An 18-pounder is an intricate piece of mechanism and the work proved very interesting to the crews.
Two N.C.O.'s are now undergoing a course of training at the Royal School of Artillery, Winnipeg, and another is going at the end of February.
Bdr. Springbest was the only successful candidate in the exam. held at the termination of the school of signallers, Red Deer, in October last, obtaining a Grade "B" certificate in visual telegraphy.
Gunnery Parsons and Springbest, D., were successful as cadets in obtaining certificate in semaphore signalling. Both are members of the 78th Battery.
The work of the Battery is of an instructional as well as interesting nature, and offers scope to the young men leaving High School to put into practice what they have learned of mechanics, and to those who used to horses an opportunity to show their skill in driving and riding on parade and in the mounted sports to be held in the spring and summer.
Information as to enrolling may be obtained any drill night.
Parents of members and business men of the town are invited to witness the training of the unit on drill night.

COAL! COAL! COAL!
Roundhill Screened Lump

Undoubtedly this is the best value in coal that has been offered to the Red Deer public this season : : We have just recently taken on the agency for this Coal, and last week we sold at least the half of our first car with the best results we could possibly expect. We have had nothing but praise for the Coal from those who have used it : : :
This splendid Coal from the Northern field at \$7.00 per ton will certainly solve the fuel problem these trying times. We have the operators of this mine at our back in a guarantee that every pound will give satisfaction, otherwise we will take it back at no cost to you : : :
Try a ton. You take no risk with this proposition :
REMEMBER—\$7.00 PER TON, DELIVERED.

ADVERTISING That Got Results

Last week we advertised in the Advocate that we had Cross-cut Saws for sale very cheap. Next day after the paper came out somebody stole one. How's that for quick action? Of course we did not intend to let them go quite as cheap as that. The price is so low, though, that it just makes the difference between buying and stealing—
